**Subject:** RE: Request to Clean Texas Responder - One Time  
**Date:** Monday, April 15, 2019 8:56:35 PM

---

Mr. Weber,

The TCEQ has received your email. We are evaluating your request. Please provide the contact information (name and phone number) with MSRC and a written request from MSRC that shows they are requesting the Responder be returned.

Thank you!

**Subject:** Request to Clean Texas Responder - One Time

The 2<sup>nd</sup> 80's Fire Large Vessel and Equipment Decon Plan is currently routing for approval. While this is routing, ITC requests an one-time authorization to clean the Texas Responder. The water from this one time cleaning will be collected and either stored until the 2<sup>nd</sup> 80's Fire Large Vessel and Equipment Decon Plan is approved or will be brought back to ITC for storage until all plans are approved.

I am making this request to expedite cleaning of the Responder so it can be returned to MSRC. MSRC is requesting the Responder be returned as quickly as possible so they can meet their required response resources.

As stated, this is a one-time request until the Large Vessel Decon Plan is approved.

I would appreciate your consideration for this as we await approval for the Water Management Plan.

Thank you,

Brent J. Weber
